Information Bulletin: Burglar Apprehension

Burglar Caught via Fingerprint Identification

On Sunday, October 3 at 11 a.m. Franconia Station officers were called to a business at 5285 Shawnee Road for a report of a burglary. An investigation determined two computers and cash were taken from Pluribus International Corporation some time that morning. Cameras provided a vague physical description. The officers spoke with employees, took photographs and collected evidence at the scene, including latent fingerprints.

Detectives immediately began their follow-up. They re-interviewed employees, reviewed the camera footage and sent the fingerprints to be analyzed by the Northern Virginia Regional Identification System (NOVARIS).

A match was found and on Friday, October 22, Antonio Jerome Mosley, 47, of Washington, D.C. was arrested and transported to the Fairfax County Adult Detention Center. He was charged with two counts of burglary and two counts of grand larceny.
